

Connect Fund application

for grants up to £500

The Peak District National Park Foundation's (the "Foundation") vision is for *a National Park enjoyed and conserved by everyone, forever*. We want to support community organisations which advance the causes we care about. Our *Connect. Recover. Thrive* campaign is looking to fund projects which:

- Support wellbeing, resilience and recovery through nature connection in our National Park and support thriving communities in and surrounding the Peak District National Park.
- Connecting habitats, supporting nature recovery and thriving landscapes which contribute to the fight against climate change in the Peak District National Park.

The Connect Fund has been established to support the [Peak District National Park Management Plan](#) and its ambition for the Peak District National Park to be a welcoming and inclusive place. We are particularly keen to contribute towards projects which remove barriers for underrepresented groups and support enjoyment of the park with understanding.

If you have a project which could benefit from a grant of up to £500 from the Foundation, please provide the details requested below and send the completed application form to hello@peakdistrictfoundation.org.uk.

Applications are usually reviewed monthly, and we will contact successful applicants using the details provided below.
